102-J HORN ACTIVATED

The diagram is a ladder logic circuit for the 102-J HORN ACTIVATED. It consists of three parallel normally open contacts (174, 178, 168) leading to a set coil (S) for a buzzer. The buzzer is labeled 1207 and has a reset coil (R). The diagram includes a title block, a legend, and a title.

Legend:

Symbol	Description
C	HS-6201
O	102-J ACKNOWLEDGE
M	"1=ACKNOWLEDGE"

Contacts:

- 174 185 7
- 178 185 7
- 168 185 1

Coils:

- S (Set) 1207
- R (Reset) 1207

Logic:

```
graph LR; 174((174 185 7)) --- OR1[ ]; 178((178 185 7)) --- OR1; 168((168 185 1)) --- OR1; OR1 --- S[S 1207]; S --- R[R 1207];
```

61A - STEAM DRUM LEVEL

The diagram illustrates the control system for the 61A Steam Drum Level. It features two main feedback loops: ANALOG-HH and ANALOG-LL.

ANALOG-HH Loop:

- Feedforward Path:** The steam drum level transmitter (LT-61A) output is divided (A/D) and fed into the summing junction.
- Setpoint:** The setpoint is 19.
- Default Value:** The default value is 98.
- Feedback Controller:** The summing junction output is fed into the FB (Feedback) block.
- Manual Input:** A manual input (1) is fed into the FB block.
- Control Input:** A control input (2) is fed into the FB block.
- Output:** The FB block output is fed into the final control element (1) and then to the steam drum level transmitter (LT-61A-HH).
- Alarm:** The transmitter output is used for the LT-61A-HH "HIHI ALM" alarm.

ANALOG-LL Loop:

- Feedforward Path:** The steam drum level transmitter (LT-61A) output is divided (A/D) and fed into the summing junction.
- Setpoint:** The setpoint is 3.
- Default Value:** The default value is 10.
- Feedback Controller:** The summing junction output is fed into the FB (Feedback) block.
- Manual Input:** A manual input (1) is fed into the FB block.
- Control Input:** A control input (2) is fed into the FB block.
- Output:** The FB block output is fed into the final control element (1) and then to the steam drum level transmitter (LT-61A-LL).
- Alarm:** The transmitter output is used for the LT-61A-LL "LOLO ALM" alarm.
